

HSITAG

Human Services IT Advisory Group

HSITAG is a non-profit 501c(6) trade association that serves as a collaborative source of knowledge, educational outreach and guidance to improve the delivery of human services programs within government.

CONFERENCES

HSITAG's respected reputation and industry relationships allow us to have a strong presence at industry events and conferences such as the APHSA National Health & Human Services Summit, the ISM Annual Conference and the Medicaid Enterprise Systems Conference (MESC).

MEETINGS

At the foundation of HSITAG is a series of monthly meetings featuring federal, state and local HHS government leadership as well as leading industry associations. Prior to the pandemic, these meetings were held in person at various locations throughout the year and were also accessible remotely. We have shifted to a model that allows for remote participation at every meeting and hope to return to in-person meetings in the new year.

COMMITTEES

HSITAG is a member-driven organization. Our members help plan every aspect of our work from meeting programming, marketing and communications, industry partnerships and content development. Members are encouraged to join one of the standing committees or evolving workgroups that meet remotely and are focused on a number of areas including industry collaboration, programming, charitable giving, and various topical issues.

CONTENT

HSITAG produces thought leadership content including white papers, blogs, webinars, events and surveys all conceived and developed by members. Participate on planning and executing some of the content that HSITAG's members help produce.

COLLABORATION

HSITAG has long-established relationships with leading industry associations including, but not limited to:

- American Public Human Services Association (APHSA)
- IT Solutions Management for Human Services (ISM)
- New England States Consortium Systems Organization (NESCSO)
- National Association of Counties (NACo)
- National Association of State Procurement Officers (NASPO)
- Private Sector Technology Group (PSTG)

RELATIONSHIPS

Mix and mingle with all of the players in the HHS government technology industry. Build partnerships, collaborate on projects, and learn from your competition in a very industry-neutral environment.

From large, fortune 500 companies to small product or specialty providers, HSITAG represents a large portion of the IT industry serving in the HHS space.

JOIN TODAY!

Annual dues are scaled based on a company's annual U.S. revenues. Your annual dues cover all meetings, activities and work groups-- there are no additional fees needed to participate in any activities. Membership is company-wide and you can have multiple individuals from your company participate in different HSITAG activities.

U.S. Company Revenue	Annual HSITAG Dues
\$0-\$10m	\$2,500
\$10m-\$200m	\$5,000
\$200m-\$999m	\$10,000
\$1 billion+	\$15,000
